Environmental Laboratory Accreditation Proficiency Test Study Requirements

In accordance with 25 Pa. Code § 252.501(a) (relating to proficiency test study requirements), the Department of Environmental Protection (Department) is providing the following list of new fields of accreditation (FOA) for which proficiency test (PT) studies are available. To obtain or maintain a FOA, the Department requires that an environmental laboratory successfully participate in PT studies when available.

The following Fields of Proficiency Testing (FoPT) listing updates the previous listing published at 36 Pa.B. 8006 (December 30, 2006). The new FoPT listings are effective immediately. Please note that this listing of FoPTs includes additions to those previously printed on December 30, 2006. Environmental laboratories seeking to maintain accreditation for a FOA that has been added to the tables by this notice, must successfully complete a PT study for that analytes by January 1, 2010. Environmental laboratories seeking initial accreditation or laboratories seeking to add FOAs to their current Scope of Accreditation must successfully complete a PT study before accreditation is granted. Accredited environmental laboratories must successfully complete at least one PT study for each FOA, where available, once every 12 months to maintain accreditation. Additional information regarding the proficiency test study requirements is contained in 25 Pa. Code Chapter 252, Subchapter E (relating to proficiency test study requirement).

Updates to the following additions will be published in the *Pennsylvania Bulletin* as revisions are made. Questions concerning this notice, including the lists of proficiency testing currently available, should be directed to Aaren S. Alger, Department of Environmental Protection, Bureau of Laboratories, (717) 346-8212, aaaler@state.pa.us.

General Permit WMGM038; Processing and Beneficial Use of Gypsum Wallboard

Under the regulatory authority of 25 Pa. Code § 271.811 (relating to authorization for general permit) of the municipal waste regulations and the statutory authority of the Solid Waste Management Act (35 P.S. §§ 6018.101—6018.1003), the Department of Environmental Protection (Department) issued a General Permit for the processing and beneficial use of unpainted and untreated standard gypsum wallboard.

This final General Permit WMGM038 (General Permit) provides for the beneficial use of ground (that is, processed) gypsum wallboard as a component of mushroom growing media, as a soil additive material or soil amendment and allows for utilization of the backing paper as an animal bedding material. The final General Permit reduces the amount of gypsum wallboard being disposed in landfills by providing a mechanism to divert the waste to a more productive, beneficial use. This General Permit provides potential end uses under a streamlined set of operating conditions.

Persons interested in obtaining more information or a paper copy of the final General Permit should contact Peter Arnt of the Division of Municipal and Residual Waste at (717) 787-7381. TDD users may contact the Department through the Pennsylvania Relay Service at (800) 654-5984. The General Permit document is also accessible on the Department's web site at www.depweb.state.pa.us (DEP Keywords: "Public Participation"; then "Proposals Open for Comment," or DEP Keywords "Municipal Waste").

The Department will provide public notice upon final publication of the General Permit.

JOHN HANGER,
Acting Secretary

Mine Families First Response and Communications Advisory Council; Change of Meeting Date

The next meeting of the Mine Families First Response and Communications Advisory Council has been changed to Tuesday, April 28, 2009, at 10 a.m. in the Delaware Room, 16th Floor of the Rachel Carson State Office Building in Harrisburg. The meeting was originally scheduled for April 29.

The agenda and meeting materials for this meeting will be available through the Public Participation Center on the Department of Environmental Protection's (Department) web site at www.depweb.state.pa.us (DEP Keywords: "Public Participation, Participate").

Questions concerning this meeting should be directed to Allison D. Gaida at (724) 439-7289 or by e-mail to agaida@state.pa.us. The agenda and meeting materials for this meeting will be available through the Public Participation Center on the Department's web site at www.depweb.state.pa.us (DEP Keywords: "Public Participation, Participate").

Persons in need of accommodations as provided for in the Americans With Disabilities Act of 1990 should contact the Department at (724) 439-7289 or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

JOHN HANGER,
Acting Secretary

Pennsylvania Sunshine Program Installer Registration

The Department of Environmental Protection (Department) is publishing applications for solar photovoltaic (PV) and solar thermal (hot water) installation contractors wishing to register to participate in the new Pennsylvania Sunshine Program (Program). This new incentive program will be available later this spring for homeowners and small businesses undertaking solar energy projects. The Program will provide \$100 million in grants to Commonwealth homeowners and small businesses to purchase and install PV and solar hot water systems. Program applicants will be required to use an installer from the Department's approved list.

Installers interested in participating in the program may obtain an application at www.depweb.state.pa.us, select "Energy Independence." For questions regarding the eligibility of installers, contact Rebecca Campbell, Office of Energy and Technology Deployment, at (717) 772-8911 or pasunshine@state.pa.us before submitting an application.
