Dear Governor Rendell:

I am writing to you as the principal of Green Alternatives Inc., an aggregator of solar renewable energy certificates and consultant to the solar industry. My company is in full support of your Energy Independence Strategy, especially your Solar Sunshine Initiative. Your initiatives are helping usher in the new economy based on local, clean, renewable energy. Opening up Pennsylvania as a growing solar market insures the Mid Atlantic region will maintain its position as a leader in solar energy. This will enable regional markets to grow for my product, solar renewable energy certificates as well as enable jobs to be created by myself and others in the industry, particularly solar integrators.

I appreciate all your efforts to help grow solar in Pennsylvania and the Mid Atlantic region.

Sincerely,

A handwritten signature in cursive script that reads "David Weisman".
