

Dry-Cleaning Equipment Upgrades

County	Project Value	Grant Amount	Water	Waste Water	Waste	Natural Gas	Electricity	Fuel	Resource Reduction	Misc.	% Savings (Est.)
Cumberland	\$50,680	\$7,500			\$1,325	\$1,000	\$300		\$500		33
Allegheny	\$34,895	\$7,500			\$1,792		\$1,500		\$1,814		43
Bradford	\$32,000	\$7,500					\$33.72 417 kWh		\$1,143		80
Allegheny	\$60,000	\$7,500			\$3,000				\$3,600 perc		87
Lancaster	\$47,962	\$7,500			\$1,496			\$1,416	\$1,444		23
Montgomery	\$30,000	\$7,500			\$776				\$2,110		67
Bucks	\$62,000	\$7,500	\$810 360,000 gal	\$2,500 360,000 gal	\$886				\$570		56
Montgomery	\$39,750	\$7,500			\$720		\$360		\$1,800		47
Lycoming	\$36,800	\$7,500			\$1,239				\$1,464 perc/filters	\$3,536	47
Philadelphia	\$37,450	\$7,500			\$720		\$300				47
Northampton	\$34,900	\$7,500			\$1,000		\$700	\$1,000	\$3,000 perc		19
Delaware	\$46,000	\$7,500	\$70	\$210	\$5,568	\$700	\$525		\$5,970		96
Lancaster	\$46,000	\$7,500			\$2,240	\$350	\$350		\$1,475 perc, filters,		98
Allegheny	\$13,341	\$6,745	\$294	\$256				\$615			12
Chester	\$32,236	\$7,500			\$776				\$2,110 perc, filters, C		67
		\$111,745									

The dry cleaning industry projects involved the application of 4th generation technology in most projects. They use considerably less water and generate significantly less hazardous waste, use less or no perchloroethylene, and are safer for employees to operate.
