Objectives of the Final Revision

- ▶ Convert the “Conclusions” to “Summary Points”
- ▶ Split Section 7 into two sections, i.e., Section 7 Summary and Section 8 Recommendations
- ▶ Split Summary Point #2 into two summary points to separate the discussion of EPA’s guidance for the IEUBK Model v.2 from the PADEP’s use of that model under the Land Recycling Program.
- ▶ Make edits to Section 5 to align it with this EPA - PADEP separation.

Review Changes in Final Report vs 6/30/22 Version
