

INSTRUCTIONS FOR THE ON-LINE APPLICATION

The Growing Greener Plus Grant Application must be submitted through the Department of Community and Economic Development's (DCED) Electronic Single Application website. **Paper and faxed copies will not be accepted.** This change allows DEP to expedite the review process. The link to the on-line application can be found at:

<https://www.esa.dced.state.pa.us/Login.aspx>

This document will provide instructions on how to apply and upload the required documentation in the eGrants application. See the Growing Greener Plus program guidance document for instructions on filling out the forms associated with your application that must be uploaded on the addenda tab of the eGrants application.

The instructions contained in this document will assist you in applying for any program offered under the Growing Greener Plus solicitation.

User Tips

- The Electronic Single Application works best when accessed through Internet Explorer.
- If you allow your screen to sit idle for more than 30 minutes, you will lose the data entered since your last save and will have to re-enter it. Save frequently.
- When completing the application, fields with a “” are required fields. If a required field is skipped, you will be notified later in the application to return to that section to complete the field.
- Do not use special characters in the fields such as \, /, *, &, %, #, etc.
- If you have questions completing the application, please call the DCED Customer Service Center at 1-800-379-7448. They are open 8:30 am-5:00 pm EST Monday thru Friday.

- Click Apply.

4. Apply

- You will be given the option of choosing one of the four programs offered under Growing Greener Plus – Growing Greener Water, 319, SMCRA or AMD Set-Aside grants. Select the program for which you are applying.

The screenshot shows a web browser window with the URL <http://esaw.dev.dced.pa.gov/esaw/ProgramSelect.aspx?ProgramId=1007>. The page title is "Single Application for Assis...". The main content area is titled "Select Growing Greener Plus - Growing Green Type" and includes the following text: "Please select the type of Growing Greener Plus - Growing Green that you wish to apply from the list below. Please read the Program Guidelines for details. If you wish to apply for multiple types for a single project, answer "Yes" to the "Are you interested in applying for multiple funding sources for this project?" question in the Project Overview section of the Application."

The page lists four grant programs, each with a "Select" button and a red arrow pointing to it:

- Growing Greener**
Growing Greener
The Environmental Stewardship and Watershed Protection Act, commonly known as Growing Greener, was passed into law in December 1999. The statutory authority for these grants is found in Section 6105(b) of the Environmental Stewardship and Watershed Protection Act (27 Pa. C.S. 6101 et seq.). The primary purpose of this program is to restore impaired waters or protect degrading waters within the Commonwealth. The Growing Greener program will be providing an increased emphasis on supporting project implementation within the Chesapeake Bay (Bay) watershed, with projects within the Bay watershed having a specific focus to address pollutant loadings of critical importance to the Bay. The eligibility criteria for the Growing Greener Grants is broken into two sections, one dealing with project proposals within the Bay watershed, and one dealing with project proposals outside of the Bay watershed. Further eligibility and project requirements are listed in the Growing Greener Plus Application Submittal Instructions (insert link).
- Section 319 Nonpoint Source Watershed Protection Grant**
Section 319 Nonpoint Source grant funds are provided to the Department of Environmental Protection each year from the U.S. Environmental Protection Agency and authorized through Section 319(h) of the federal Water Pollution Control Act. The primary activity of this program is to implement Section 319 Program Watershed Implementation Plans as approved by EPA. Further eligibility and project requirements are listed in the Growing Greener Plus Application Submittal Instructions (insert link).
- Surface Mining Conservation and Reclamation Act Grants (Bond Forfeiture)**
Section 18(j) of the Surface Mining Conservation and Reclamation Act allows the Department of Environmental Protection to award grants to municipalities, municipal authorities and appropriate incorporated nonprofit organizations from the SMCRA Fund. This includes SMCRA bond forfeiture grants. Projects eligible for grants under this grant program are limited to the sites that fit the definition of "ABS Legacy Sites" (bond forfeiture sites) in 25 Pa Code §86.1 (mine sites permitted and bonded from July 31, 1982, to August 4, 2001, under the Alternated Bond System (ABS) where bonds have been forfeited).
- Surface Mining Conservation and Reclamation Act AMD Set-Aside Grant**
Section 18(j) of the Surface Mining Conservation and Reclamation Act allows the Department of Environmental Protection to award grants to municipalities, municipal authorities and appropriate nonprofit organizations from the SMCRA Fund. This includes Acid Mine Drainage Set-Aside grants. Projects eligible for grants under this grant program must be located in Qualified Hydrologic Units (formerly Hydrologic Unit Plans) or in areas where Qualified Hydrologic Units are being developed as defined by the federal SMCRA under the 2006 reauthorization. The primary focus of the grants is abatement of AMD and/or treatment of AMD through treatment facility system construction. Grants may also be awarded for treatment system design or operation and maintenance of existing passive and active treatment systems. Priority will be given to projects that help to meet the goals established for the Qualified Hydrologic Unit.

The Windows taskbar at the bottom shows icons for Word, Outlook, Internet Explorer, and other applications.

Jobs that Pay

Jobs that Pay is Part Of Governor Wolf's initiative to improve Pennsylvania's overall job climate and job growth through partnering with the private sector to encourage the creation and retention of jobs that pay at least 80% of the annual average wage in the county where the jobs are located. (See current county listings) Job creation and retention will help ensure that businesses and communities provide employment opportunities for all of the state's residents, improve the local tax base, and achieve prosperity and a higher quality of life for families and communities.

NOTE: Jobs that Pay required data by the Department is for reporting purposes only and will **NOT** be used as a criteria for awarding loans, loan guarantees, grants or tax credits.
