Miner Training Program
Department of Energy and Mineral Engineering
The Pennsylvania State University

**19th Professional Development Mine
Safety Seminar for Supervisors**

The Penn State Miner Training Program, in cooperation with government and industry sponsors, is hosting a seminar and a series of professional development workshops on January 14th and 15th, 2015 at the Holiday Inn Conference Center—Lehigh Valley. The primary objective of the seminar and the workshops is to enhance the safety management skills of supervisors.

Seminar

The seminar, which will be held on **January 14th**, is an excellent opportunity for supervisory and safety support personnel to improve their safety management skills by learning about the latest approaches for enhancing health and safety in the work place. This year’s program is a mix of safety management and practical application topics of timely interest.

Professional Development Workshops

The professional development workshops, which will be held on **January 15th**, are an excellent opportunity for supervisors and safety support personnel to learn and apply tools and techniques to improve safety conditions, work practices, and leadership skills.

Workshop attendance is free, but only by pre-registration. Space is limited!
Take advantage of this opportunity and register today!

Exhibits and Demonstrations

There will be exhibits of mine health and safety related resources and training materials. Exhibitors include government and industry vendors.

**January 14th
