		Baseline Vital Signs & Sample History	04-005260-12	2

Transitional courses are no longer necessary. The Department of Health realizes there is no limit on the recertification process. In order to recertify, an expired EMT must submit the following to the regional EMS:

1. Proof of previous certification
2. Proof of completion of the 24 con ed hours (within the previous 36 months) and current CPR
3. Complete a DOH/EMS Student Application
4. Complete a criminal history form
5. Accompany this with a written request for recertification

The IUP instructor will assist with the above recertification process.
