

2017 Mine EMT Con-Ed Dates

We are focusing on one course a quarter. For example: 1st Quarter is Preparatory-4hrs and Vitals-2hrs. Second quarter will be a totally different subject matter. So, if you attend one class in any given quarter, do not go to another class in the same quarter. This is for the simple fact that we need time to prepare for the next class. Currently; we are working our way through a 6 module course that was designed by the National Highway Safety Council. Once you complete all 6 modules along with the 2 hour accompanying course, you will end up with 36 hours for your EMT Con-Ed credits.

<u>EMT Con-Ed at New Stanton</u>	<u>EMT Con-Ed at Marion Center</u>
