MMS No. 2013-SLAP-000528
Docket No. 2013-01

Dear Mr. Perry,

In response to your letter dated January 21, 2014, and pursuant to Hearing Officer Michael L. Bangs's Order dated February 19, 2014, I am submitting the attached information to supplement the Application of Hilcorp Energy Company's Application for Well Spacing Units. I have included the original and two (2) courtesy copies of the supplemental information, as requested by Donna Duffy at the Department of Environmental Protection's Meadville office. I have also emailed this cover letter to all counsel for the Department in this matter, and included a link to a Sharefile site where all recipients may access a PDF version of this supplemental information immediately.

Included in this filing is an Affidavit of Confidentiality executed by Tim Nein, Asset Team Leader – NEUS at Hilcorp Energy Company, certifying that the documents and materials attached as Exhibit "B" are "confidential" and that "good cause" exists for issuing an order to protect the documents or materials from disclosure to the public, as required by Hearing Officer Bang's Protective Order dated February 19, 2014 (the "Protective Order"). A copy of the Protective Order, to be filed along with all documents and materials designated as confidential, is attached as Exhibit "A". Exhibit "C" contains the requested documents and materials that Hilcorp Energy Company has not deemed "confidential."

Sincerely,

Daniel P. Craig
