

*Atlantic Sunrise Project – PA DEP Chapter 105 Permit Application  
Transcontinental Gas Pipe Line Company, LLC  
Lancaster County*

**ATTACHMENT D -1**  
**SUMMARY OF PHMC COORDINATION**

*Revised November 22, 2016*

**Note: This Attachment has been replaced in its entirety**

**Agency Consultation/Coordination:** The results of the archaeological, geomorphological and Architectural History investigations conducted in Lancaster County have been submitted to the PHMC for review, as parts of four report packages: the March 2015 Initial Report Package, the November 2015 Addendum 1 Report Package, the May 2016 Addendum 2 Report Package, and the August 2016 Addendum 3 Report Package. These report submittals are marked “Contains Privileged Information – Do Not Release,” and can be available upon request directly to the PHMC. The PHMC has not requested any other specific survey methodologies or data with regard to the Project elements in Lancaster County, aside from that supplied in the following reports and PHMC correspondence (**Table D-1**) and copies of these clearance/approval letters are provided within Attachment D-2.

**Table D-1  
Project CRM Report Submittals and PHMC Responses**

<b>Report Package Submission</b>	<b>PHMC Response Correspondence</b>
March 2015 Initial Report Package	<u>Archaeology and Geomorphology</u> : Concurrence letter from the PHMC dated 21 September 2015
	<u>Architectural History</u> : Confirmation of receipt letter from the PHMC dated 22 April 2015
November 2015 Addendum 1 Report Package	<u>Archaeology and Geomorphology</u> : Concurrence letter from the PHMC dated 8 March 2016
	<u>Architectural History</u> : Confirmation of receipt letter from the PHMC dated 14 December 2015
May 2016 Addendum 2 Report Package	<u>Archaeology and Geomorphology</u> : Concurrence letter from the PHMC dated 14 July 2016
	<u>Architectural History</u> : Confirmation of receipt letter from the PHMC dated 27 June 2016
August 2016 Addendum 3 Report Package	<u>Archaeology and Geomorphology</u> : Concurrence letter from the PHMC dated 21 September 2016
	<u>Architectural History</u> : Confirmation of receipt letter from the PHMC dated 19 September 2016

The Unanticipated Discovery Plan prepared for the Project was included as part of the March 2015 Phase I report submittal, and approved for use by the PHMC in the 21 September 2015 response letter (noted above). The Unanticipated Cultural and Human Remains Discovery Plans and the Unanticipated Discovery Plan for Paleontological Resources Plan are included as Attachments 4 and 5, respectively, within the ECP (Attachment M).

**Public Outreach:** An open house for the Project in Lancaster County was held at Millersville University on June 11, 2014, and at the Acorn Farms Reception & Conference Center on July 29, 2014. Public comment was received from several landowners and interested members of the public concerning the increased potential for cultural issues in the Lancaster County portion of the Project, particularly with regard to 17<sup>th</sup> and 18<sup>th</sup> century Late Prehistoric, Protohistoric and Contact period resources, and the 19<sup>th</sup>/20<sup>th</sup> century historic-era occupation of the county. These concerns were examined and addressed during the cultural resources field reconnaissance and archival research conducted for the Project.

In addition to the open house, consultation was initiated with the Conestoga Area Historical Society and the Lancaster Historical Society concerning cultural resources in Lancaster County. Members of the Conestoga Area Historical Society expressed concerns for Native American archaeological sites and met with Transco to present results of their recent work in recording new archaeological sites, data which would be presented to the PHMC. The Lancaster Historical Society had no comment with regard to the proposed Project.

Consultation was also initiated with 25 Native American tribal entities that may have cultural resources concerns within Lancaster County. Of the 25 tribes contacted, the Catawba Indian Tribe, Delaware Nation, Delaware Tribe of Indians, Oneida Nation, and the Stockbridge Munsee Band of Mohicans requested Project cultural resources documentation and provided comment on the Project. Cultural resources documentation has been provided, and coordination is ongoing with these five tribal entities.

**Cultural Resources Survey Summary:** The Phase I archaeological field reconnaissance conducted in Lancaster County was focused on the 36.5 miles of proposed CPL-South alignment. The field survey investigated a 300-foot-wide study corridor on CPL-South through Lancaster County, in addition to full survey coverage of ancillary work areas, which resulted in the examination of 15,154 SL within 1,232.70 acres in Lancaster County. The field survey recorded 2,091 SL as occurring on steep slopes, 363 SL as wet (in either a waterbody or wetland), 3,929 SL within agricultural fields displaying sufficient ground surface visibility to meet PHMC guidelines, and 1,112 SL were determined to have been subjected to modern ground disturbance (most commonly underground pipeline utilities). The field crew also visually inspected 160 SL in residential properties. The visual inspection was supplemented by the hand excavation of 7,499 shovel tests. These investigations resulted in the identification of 86 archaeological resources within the current limits of the field survey, as outlined in **Table D-2** and the section below.

The Architectural History field reconnaissance of the Project elements in Lancaster County resulted in the identification of 120 historic-era aboveground resources located within the viewshed of the Project, as indicated in **Table D-3** below. An additional 114 aboveground resources were identified during field reconnaissance, on work areas subsequently removed from consideration as Project land requirements.

The geomorphological desktop study identified two drainage crossings in Lancaster County which displayed a potential for deeply buried cultural deposits: the Conestoga River and Chiques Creek. Deep testing was completed on the west bank of the Conestoga River, and an HDD is planned for that section of the Project. Geomorphology field investigations determined that deep testing was not warranted for the east bank of the Conestoga River or Chiques Creek.

Additional cultural resources fieldwork is projected in Lancaster County during 2016, on realigned and previously-inaccessible tracts of the CPL-South loop, and additional temporary-use work areas.

**Cultural Resources Identified:** The Phase I archaeological field reconnaissance of the CPL-South study corridor in Lancaster County resulted in the identification of 86 archaeological resources. Site 36LA1566 (an historic-era cemetery) has been recommended by Transco for avoidance, and subsequently removed from the proposed LOD. Site 36LA0001 is listed on the NRHP and 36LA1541 was determined to be Potentially Eligible by the PHMC; both of these resources will be avoided by the HDD method of construction. The remaining 83 archaeological resources have either been recommended as Not Eligible or not evaluated, generally isolated finds, by the PHMC, and no further investigation is necessary.

A total of 234 aboveground resources were identified during the Architectural History survey conducted for Project land requirements in Lancaster County; 120 of these resources are currently located within the Project, while an additional 114 resources were identified on parcels subsequently removed from the Project APE (due primarily to changes in the Project alignment). Four resources had been previously determined Eligible by PHMC, while an additional two resources were determined to be rural historic districts identified by Transco; only one of these rural historic districts were found to be Eligible by PHMC. Transco recommended 18 of the resources as Potentially Eligible and nine of the resources as Eligible for the NRHP. PHMC review concluded that 10 of the resources submitted as Potentially Eligible were not Potentially Eligible, and the additional eight Potentially Eligible resources were folded into rural historic districts. Transco submittal of the nine resources recommended as Eligible resulted in PHMC determination of seven Eligible resources and two Not Eligible resources. PHMC also determined there were no anticipated effects to the remaining 89 resources as a result of the Project.

The following tables list all cultural resources identified as a result of the archaeological and Architectural History work conducted in Lancaster County.

**Table D-2  
Inventory of Archaeological Resources Identified in Lancaster County**

<b>Resource ID</b>	<b>Type</b>	<b>Description</b>	<b>PHMC DOE Determination</b>	<b>Treatment Status</b>
36LA/158	Archaeological Resource	Historic Isolated Find	Not Evaluated, No Further Work (1/7/2015)	No Further Work
36LA/181	Archaeological Resource	Historic Isolated Find	Not Evaluated, No Further Work (11/24/2015)	No Further Work
36LA/206	Archaeological Resource	Historic Isolated Find	Not Evaluated, No Further Work (11/24/2015)	No Further Work
36LA/182	Archaeological Resource	Historic Isolated Find	Not Evaluated, No Further Work (11/24/2015)	No Further Work
36LA/183	Archaeological Resource	Prehistoric Isolated Find	Not Evaluated, No Further Work (11/24/2015)	No Further Work
36LA1589	Archaeological Resource	Historic Subsurface Scatter	Not Eligible (11/24/2015)	No Further Work
36LA/187	Archaeological Resource	Prehistoric Isolated Find	Not Evaluated, No Further Work (11/24/2015)	No Further Work
36LA/185	Archaeological Resource	Historic Isolated Find	Not Evaluated, No Further Work (11/24/2015)	No Further Work
36LA/184	Archaeological Resource	Prehistoric Isolated Find	Not Evaluated, No Further Work (11/24/2015)	No Further Work
