**PROJECT INFORMATION**

<b>Project Name</b> Atlantic Sunrise Project - Columbia County
<b>Project Description</b> The Atlantic Sunrise Project is an expansion of the existing Transco natural gas transmission system that will enable Transco to provide 1.7 million dekatherms per day (MMDth/d) of incremental firm transportation of natural gas from

the Marcellus Shale production areas in northern Pennsylvania to its existing market areas, extending to as far south as the Station 85 Pooling Point in Choctaw County, Alabama. The Project includes modifications to the existing Transco Mainline system to reverse the direction of flow, enabling new north-to-south capabilities (bi-directional flow) to transport this new source of natural gas to existing markets. The Columbia County portion of the project is the location of the convergence of two portions of the Project: the Central Penn Line - North (CPLN) and the Central Penn Line - South (CPLS) at 41.273159 N, -76.406707 W. CPLN is a 30-inch diameter pipeline which will be constructed in a 90-foot construction right-of-way for a length of 5.0 miles in Columbia County. CPLS is a 42-inch diameter pipeline which will be constructed in a 100-foot construction right-of-way for a length of 34.3 miles in Columbia County. Additionally, there will be one contractor yard totaling 27.5 acres, 13 staging areas totaling 25.5 acres, 21 temporary access roads, three permanent access roads, one new compressor station (Compressor Station 610 in Orange Township), one new Regulator Station (West Diamond Regulator Station in Sugarloaf and Jackson Townships), four new mainline valves, two new communication towers (one at Station 610 and one at West Diamond Regulator Station), and upgrades to an existing Compressor Station (Station 517 in Benton Township). Total earth disturbance for the Project in Columbia County is 698.03 acres. Because this project is governed by the Natural Gas Act, the Federal Energy Regulatory Commission (FERC) has exclusive jurisdiction over siting, Therefore, local zoning is preempted.
