Dear Mr. Dean,

During our review of your 8/11/2022 submission, the following minor deficiencies were identified. Please submit additional information addressing each item through OnBase. When responding, please include the full document in which each revision was made. Thank you.

1. In Requirement G-6, it appears that the bat restriction table is outdated. Please submit the most current bat restriction table. Also, please include the September 1, 2022 U.S. Fish and Wildlife Service (USFWS) clearance letter in the submitted document.
2. In Requirement G-4 Privileged, a letter dated May 4, 2022 from the Pennsylvania Game Commission (PGC) references a March 15, 2022 summary. There is a bookmark prepared in the file, but no document is included. Please provide.
3. In Requirement H of Luzerne County, page 70 is a title page, not an impact drawing. Please provide the correct page 70.

Regards,
