Dear Mr. Dean:

This is in reference to your request for Water Quality Certification under Section 401 of the Federal Clean Water Act, received by our office on March 31, 2021. The request relates to the Regional Energy Access Expansion Project (REAE), a natural gas transmission pipeline expansion and upgrade project. The project includes the installation of two loops along an existing pipeline, the upgrade of three existing compressor stations, modifications to five existing sites including three tie-ins, a valve, and a regulator, and associated ancillary facilities. The project is located in various municipalities within Luzerne, Monroe, Northampton, Bucks, Chester, York, and Delaware Counties, all within the Commonwealth of Pennsylvania.

The Department of Environmental Protection (Department) has reviewed your request for 401 Water Quality Certification and hereby grants the 401 Water Quality Certification for the Regional Energy Access Expansion Project. The approved certification is attached.

Any person aggrieved by this action may challenge it in an appropriate legal forum. The state and federal courts are currently split on whether the proper forum to challenge a Department permit, authorization or approval for a facility or activity subject to the Federal Natural Gas Act, 15 U.S.C. § 717 et seq., is the United States Court of Appeals for the Third Circuit or the Pennsylvania Environmental Hearing Board. *See Delaware Riverkeeper Network v. Sec'y, Dep't of Env'tl. Prot.*, 833 F.3d 360 (3d Cir. 2016); *Delaware Riverkeeper Network v. Sec'y, Dep't of Env'tl Prot.*, 903 F.3d 65 (3d Cir. 2018), cert. denied, 139 S. Ct. 1648, 203 L.
