Subject: Acts 14, 67, 68, and 127 Notifications

Dear Mr. Tieperman:

The purpose of this notice is to inform you of our intent to submit a Pennsylvania Water Obstruction and Encroachments Permit application to the Pennsylvania Department of Environmental Protection (DEP) for the following application:

Project Name: Schuylkill River HDD Project

Applicant Name: Texas Eastern Transmission, LP

Applicant Contact: Joe McGaver
Enbridge / Texas Eastern Transmission, LP
11 East Superior Street, Suite 125
Duluth, MN 55802
218-390-9254

Project Description:

The Project is proposed to maintain the existing natural gas pipeline system which at this location consists of two parallel existing pipeline systems which cross under the Schuylkill River: Line 1, a 20-inch diameter pipeline, and Line 2, a 36-inch diameter pipeline. Texas Eastern during routine monitoring of Line 1 in the Schuylkill River identified a low depth of cover caused by an increase in river flow that was most likely related to past rain events in the area.

The Project proposes to replace Line 1 with a new 20-inch diameter pipe within the existing easement using a horizontal directional drill (HDD) of 1,111 feet. Additionally, the existing 20-inch diameter Line 1 pipeline will be removed. Access to the site will be along existing roads.

Site Location: Natural gas pipeline easement

Municipality/County: Spring City Borough, Chester County
Upper Providence Township, Montgomery County

Section 1905-A of the Commonwealth Administrative Code, as amended by Act 14, requires that each applicant for a DEP permit must give written notice to the municipality(ies) and county(ies) in which the

permitted activity is located. The written notices shall be received by the municipality(ies) and county(ies) at least 30 days before the PA DEP may issue or deny the permit.

Acts 67 and 68, which amended the Municipalities Planning Code to support sound land use practices and planning efforts, direct state agencies to consider comprehensive plans and zoning ordinances when reviewing applications for permitting of facilities or infrastructure, and specify that state agencies may rely upon comprehensive plans and zoning ordinances under certain conditions as described in Sections 619.2 and 1105 of the Municipalities Planning Code.

Enclosed is a General Information Form (GIF) we have completed for this project. DEP invites you to review the attached GIF and comment on the land use aspects of this project; please be specific to DEP when identifying any areas of conflict. If you wish to submit comments for DEP to consider in a land use review of this project, you must respond within 30 days to the DEP regional office listed below. If there are no land use comments received by the end of the comment period, DEP will assume that there are no substantive land use conflicts and proceed with the normal application review process.
