

Reciprocities for November 13, 2008 Board Meeting

Wastewater

Richard Risoldi holds a C2 collection system license and a S2 Public Wastewater license in New Jersey. Both licenses expire 9/30/09. He worked 19 years for the Middlesex Water Company and subsidiaries. The experience he submitted for the Pinelands Wastewater Company (WWCE 2,4) seems to be management experience not operating. Requesting the Board to make the determination.

Timothy McFarland has 2 years experience at the Whiteman A.F.B. water/wastewater system as an Environmental Support Specialist. The wastewater system is a WWBE 1, 4. He is currently employed at the Mercer Boro WWTP in Pennsylvania which is a WWCE 2, 4 system. He has 1 year experience at that system. Do we count his PA experience towards his reciprocity experience?

The Board should issue a WWBE 1, 4 certificate unless the determination is made to count PA experience.

Kelly Bothur holds a Grade 1 Wastewater Treatment Plant Operator license in New Hampshire which expires 12/31/09. She has 2 years 1 month experience working at the Peterborough WWTP. This is a class C system with a flow of 500,000 GPD and subclasses 3 and 4.

The Board should issue a WWCE 3, 4 certificate.

Water

Richard Risoldi holds a T4 water treatment license and a W3 water distribution license in New Jersey. Both licenses expire 9/30/09. He worked 19 years for the Middlesex Water Company and subsidiaries with experience in subclasses 1, 7, 8, 9, 10, 11,12 and distribution. Middlesex Water Company is a Class A system. (36 million GPD)

The Board should issue a WAE 1,7,8,9,10,11,12 certificate.

Daniel Angove holds a Class A water treatment license in Florida that expires 4/30/2009. He has 5 years 6 months experience working for the City of Clearwater water treatment plant. This is a Class AE system (13 million GPD) with subclasses 5, 6, 7, 8, 9, 10, 12.

The Board should issue a WAE 5, 6, 7, 8, 9, 10, 12 certificate.

Michael Kidston holds a Class I water supply operator license in Ohio. He has 6 years 5 months experience working at Artesian of Pioneer. He submitted information for 6 different systems. Please refer to the technical review of the application for comments and recommendations. The technical review is page 12 of the PDF file that was e-mailed to the Board.

The Board should issue a WB 8, 9, 10, 11, 12
