

Terry L. Dayton

Retired Manager of Environmental Affairs
Pennsylvania Land Holding Company
Greene County
E-mail: tdayton@windstream.net

Appointed: March 2011
Appointing Authority: Speaker Sam Smith
Term Expires: January 20, 2015

Education:

B.S. Pennsylvania State University

Terry developed and managed the environmental program for Pennsylvania Land Holdings Company over a period of 36 years. The operations have received the President's Award for the best environmental program in the corporation. The facilities are consistently cited by the regulatory agencies for their excellent environmental achievements.

As Manager of Environmental Affairs, Terry is involved with a broad spectrum of environmental issues including air, water, solid waste and land management. He has extensive experience with hydrologic issues, including surface water systems, groundwater behavior, stream restoration and water use.

In 2003, Terry was appointed to the Ohio Regional Water Resources Committee, which assisted with the development of Pennsylvania's Act 220 Water Management Plan. He continues to serve as a member of that committee, along with serving on the state Critical Water Planning Area Subcommittee, which is responsible for developing the CWPA guidelines related to the Act 220 program.
