Joyce E. Epps, Esquire
Director, Bureau of Air Quality
Department of Environmental Protection
12th Floor, Rachel Carson State Office Building
400 Market Street
Harrisburg, PA 17105

Dear Ms. Epps:

On December 16, 2009, staff from the Bureau of Air Quality discussed with the Citizens Advisory Council's Air Committee two rulemaking packages:

- Final-form rulemaking for Adhesives, Sealants and Primers; and
- Final-form rulemaking for Glass Melting Furnaces.

As a result of the discussions, the Air Committee recommended that Council concur with proceeding to the Environmental Quality Board with both rulemaking packages. This recommendation was approved at today's meeting.

Council thanks the Bureau for providing regular updates on air issues, policies and regulations. We look forward to future discussions. If there are any questions about Council's action, please contact Sue Wilson, Council's Executive Director, at 787-4527.

Sincerely,

Richard Manfredi
