Dear Ms. Epps:

At the Citizens Advisory Council Air Committee meeting on February 16, 2010, staff from your bureau presented an overview of the draft proposed rulemaking for Sulfur Limits in Fuel Oil. At the March 16, 2010 CAC meeting, Council concurred with the Air Committees recommendation to concur with proceeding to the EQB with the low sulfur fuel draft regulation.

Council thanks you and your staff for providing regular updates on air issues, policies and regulations. We look forward to future discussions. If there are any questions about Council's action of March 16, 2010, please contact Sue Wilson, Council's Executive Director, at 787-4527.

Sincerely,
