Re: Environmental Assessment Review  
Eagle Environmental II, L.P.  
Harmony Residual Waste Landfill Application  
Chest Township, Clearfield County

Dear Mr. Garg,

I am in receipt of your correspondence dated 9/2/08, regarding the Environmental Assessment (EA) review of the Harmony Residual Waste Landfill Application. We as the applicant did not fully understand permitting and the timing of the mining of the coal seam that will be excavated as part of the construction of the new disposal cells.

After further internal discussions, we have three (3) options which we would like to discuss with the Department. We further understand from correspondence received on 6/6/08, that coordination with the District Mining office will take place.

Therefore we would respectfully request a meeting as soon as possible to discuss the options at our disposal. Eric Chiado of CEC, Inc., Jerry Price, of Kaufman and Associates, and me would attend the meeting. Please let me know the available dates at your earliest convenience.

If you have any questions, please feel free to give me a call at 717-240-6088

Sincerely,

Mark E. Harlacker  
V. P. of Environmental Management
