Title V Operating Permit No: 25-00029

Dear Mr. Wiler:

A review of the daily Method 303 observation for August 11, 2017, revealed the following violations:

1. The percent of offtake leaks was greater than 5%, in violation of 25 Pa. Code Section 123.44(a)(5), and the Title V Operating Permit No. 25-00029.
2. The percent of door leaks was greater than 10%, in violation of 25 Pa. Code Section 123.44(a)(3), and the Title V Operating Permit No. 25-00029.

Any violation of the Air Pollution Control Act subjects a person to enforcement actions, including civil and criminal penalties. Each day the violation continues constitutes a separate offense.

This Notice of Violation is neither an order nor any other final action of the Department of Environmental Protection. It neither imposes nor waives any enforcement action available to the Department under any of its statutes. If the Department determines that an enforcement action is appropriate, you will be notified of the action.

If you have any questions concerning this matter, please contact me at 814-332-6634.

Sincerely,

Lori L. McNabb
