## **PART 1**

This comment response document is broken down into three parts.

Part one contains a table of the commentators that commented during the comment period.

Part two of the document contains that comment submitted and the department's response to the comment received. Each public comment is listed with the identifying Commentator ID number at the end of the comment.

Part three of the document contains any attachments that the commentator submitted with the public comment.

A list of the commentators, including names and affiliations (if any) is provided as follows.
