Good morning, Tom:

Attached please find municipal notification letters that were hand-delivered yesterday to both Dauphin County and Borough of Steelton Offices. We are submitting the stamped copies confirming receipt by both offices. Please let us know if you have any questions.

Thank you,

Ray Ajalli

Tom,

Ray Ajalli plans to hand-deliver the municipal notification letters to both offices and get the letters stamped as received on Tuesday, Jan. 25. Then, email the stamped letters to you on Wednesday, Jan. 26, to confirm notifications were submitted in a timely manner.

Rich Zavoda

Hello Rich,

I meant to cc you on this email.

Thanks,

Tom

Hi Gary,

Can you give me an update on the municipal notification letters for this pan approval? By regulation we will need to complete our administrative completeness review by 1/30/22. Because that is a Sunday, we will need to send an admin incomplete letter next Thursday or Friday, unless it is complete by then. Admin complete for a plan approval does include the proof of receipt of municipal notification letters.

Thanks,

Tom

On behalf of Cleveland-Cliffs Steelton LLC, I am submitting, electronically, the attached Plan Approval application for a project to install a universal rail mill that will replace some of the existing finishing operations at the Steelton site.

A check for the required fee for this plan approval application is also being sent, by courier, to your office early next week.

Please let us know if there are any questions or anything else is needed in this regard.

We are available for a call to discuss the application submittal, project timing and other aspects with your staff.

Regards

*Re: Notification – Plan Approval Application to Construct and Operate
New Universal Rail Mill, Steelton, PA
Cleveland-Cliffs Steelton, LLC*

Dear Madam:

In accordance with the provisions of 25 Pa. Code § 127.413, we are required to notify you of our December 31, 2021 submittal to the Pennsylvania Department of Environmental Protection of a Plan Approval application to construct and operate a new Universal Rail Mill at Cleveland-Cliffs Steelton Facility. This project will also result in shutdown of existing 35" Mill Reheat Furnaces. We are also required to demonstrate that this notification provision has been met. Therefore, this letter is being sent to you by certified mail.

Cleveland-Cliffs Steelton, LLC owns and operates Steelton Facility located in Steelton Borough, Dauphin County, Pennsylvania. This facility is a steel mini-mill producing high-quality rails, specialty ingots and blooms to bars for the railroad, forging and machinery markets. The proposed changes to the facility consist of constructing and operating a new Universal Rail Mill operation equipped with state-of-the-art rolling mill and other operations. The new units will replace existing units that are less efficient and reliable. We are required to inform you that you have 30 days from the receipt of this notice to submit comments to the Department of Environmental Protection at 909 Elmerton Avenue, Harrisburg, PA 17113.

The Plan Approval application was submitted as part of the feasibility assessment for this project and describes proposed changes to the facility. Please note that this Universal Rail Mill project remains subject to internal review by Cleveland-Cliffs before an investment decision is final.

If you have any questions, please contact Ray Ajalli, Manager Environmental, at (610) 383-2097 or Shelley Hoffman, Community Relations Representative, at (610) 383-2902. Thank you in advance for your cooperation in working with us on this matter.

Sincerely,

Cory Chappell
