Permit No. 100113  
APS #1101649  
Windsor & Lower Windsor Townships, York County

Dear Jason Enoch:

The Department of Environmental Protection (DEP) has reviewed the above referenced application for completeness. The Department has determined that the application package contains sufficient detail to enable DEP to conduct the technical review and has been accepted for that purpose.

This is not a final action by the Department on this application. The completeness review is the first in a series of reviews conducted by DEP. The application will now move to the technical review stage of the permit review process. To follow your application through the review process, please visit *eFACTS on the Web* at:

<https://www.ahs.dep.pa.gov/eFACTSWeb/default.aspx>

I hope that you find this information helpful in understanding the permit review process. If you have additional questions about your application, please contact me at [joren@pa.gov](mailto:joren@pa.gov) or 717.705.4907.

Sincerely,

A handwritten signature in black ink that reads "John L. Oren".
