Mr. Hershey

The District and the DEP have completed the review of the response documents for the subject application and have identified remaining deficiencies. In accordance with the DEP Permit Review Policy, the application is in the Elevated Review stage of the permit review process. Attached is the Elevated Review Letter outlining the remaining items. Please let me know that you are able to view the document.

After you have had the opportunity to review the document, if needed, contact me to schedule a conference call to discuss any questions you may have regarding the remaining deficiencies. The DEP is available the following dates and start times for a virtual meeting:

December 5 – 10 am or 2:30 pm
December 8 – 1 pm

Meeting times are on a first come, first serve basis and are not confirmed until all interested entities have responded. The DEP calendars fill quickly; please respond as soon as possible to better ensure your selected time is available. The DEP will send a Microsoft Teams meeting invitation once a consensus of the date and time has been achieved.
