SPECIAL NOTICE MAX Environmental Technologies, Inc., South Huntingdon Township, Westmoreland County; Phase I Exclusionary Siting Criteria Application for proposed Hazardous Waste Landfill No. 7; Public Information Meeting and Hearing. The Pennsylvania Department of Environmental Protection (DEP) has determined the Phase I Exclusionary Siting Criteria Application submitted by MAX Environmental Technologies, Inc. for proposed Hazardous Waste Landfill No. 7 to be administratively complete. The proposed commercial hazardous waste landfill is to be located at the MAX Yukon Facility, 233 MAX Lane, Yukon, PA 15698. The purpose of a Phase I application is solely to determine whether the proposed site complies with Pennsylvania's exclusionary siting criteria for hazardous waste disposal facilities. DEP is now conducting a technical review of the application to determine whether the proposed site complies with the Phase I Exclusionary Siting Criteria at 25 Pa. Code §§ 269a.21-269a.29. If the site does not meet the applicable criteria, a hazardous waste disposal facility may not be sited at that location. If the site does meet the applicable siting criteria, the applicant must submit a detailed permit application for facility design and operation before a permit decision could be reached. As a part of the Phase I Exclusionary Siting Criteria Application review process, DEP has scheduled a combined public information meeting and hearing for Thursday, December 1, 2022. The combined meeting and hearing will be held from 6 p.m. to 9 p.m. at the Yukon Volunteer Fire Department, 124 Highway St., Yukon, PA 15698. During the meeting portion of the event, DEP will describe the application review process, siting criteria, and the opportunities for public participation in the process. The meeting will include time for public questions on the permitting process and the Phase I application. General information about the application and the permit review process will be available prior to the meeting on the designated DEP Community Information webpage for "MAX Yukon Haz. Waste Landfill No. 7" found www.dep.pa.gov/southwest. After the meeting portion, a public hearing will be held at the same location as the public information meeting. The hearing is intended to allow for public testimony on the Phase I Exclusionary Siting Criteria Application. DEP will record testimony and receive written comments at the hearing. Testimony will be limited to 3 minutes for DEP to receive as many comments as possible. Time may not be relinquished or shared, and organizations are asked to designate one speaker on its behalf. All comments, whether provided orally at a hearing or in writing, carry equal weight and consideration before DEP. Individuals who wish to observe or present testimony at the hearing are asked to register in advance by sending an email to RA-EPHWMAXYUKONLF7@pa.gov or 412-442-4203. Registration for the hearing will be taken through 4:00 PM the day before the hearing. If you are a person with a disability wishing to attend either hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, please contact Lauren Camarda at 412-442-4203 or lcamarda@pa.gov to discuss how DEP may accommodate your needs. If necessary, you may use the Pennsylvania Hamilton Relay Service by calling (800) 654-5984 (TDD Users) or (800) 654-5988 (Voice users) and request that your call be relayed to Lauren Camarda at 412-442-4203.
