Please be advised that Keyrock Energy has no interest in ever using the abandoned Water Treatment Facility located on your property in Derry Township.

1. Keyrock sold all Coalbed Methane Assets located in Derry Township to Apollo Resources LLC located in Yatesboro, Pa (724-783-5035).
2. There are no producing Coalbed Methane Wells located in Derry Township.
3. Without any producing CBM wells in the Field, there is no reason to have a Water Treatment Facility.
4. The NPDES permit that Keyrock Energy had for the Derry Water Treatment Plant was not renewed with DEP.
5. Keyrock Energy did not own the property. Keyrock Energy leased the property from Bentley Coal/Bentley Development.
6. The Water Treatment Facility Site, per the requirements of the Lease Agreement, had to be restored to its original state when the Lessee elected not to renew the lease. Subsequently, the Lessor, Bentley Coal/Bentley Development asked Keyrock to leave the ponds for the proposed future use of the new Landowner, Ligonier Construction. However, Keyrock was asked to remove the Liner, the Fencing, the discharge piping, and the Inflow piping.
7. At this point in time, Keyrock Energy LLC does not have any operational Coalbed Methane Assets located in Pennsylvania.

### Module 3: Ownership/Compliance Information

**Instructions:** Provide the following information on an 8½ x 11 sheet of paper. Attach the page(s) to this Module and identify as *Exhibit 3: Ownership/Compliance Information*. Use Module number, letter, and heading to identify information.

If applicant is currently a licensed mine operator or has submitted an application for mine operators license to the Department, provide only contractor information requested in Module 3.2, if applicable. The ownership and compliance information will be generated by the Department from information on file with the Department (in eFACTS) for a licensed mine operator or a mine operator that has submitted an application for mine operators license. That information will be made part of this Module.

**3.1 Ownership Interest.** [§77.162] Identify whether the applicant is a single proprietorship, corporation, partnership, association, or other business entity. For businesses other than single proprietorships provide the following:

- a) name and address of every officer, partner, director, or other person performing a function similar to a director of the applicant;
- b) name and address of any person who is a principal shareholder of the applicant; (**Note:** A principal shareholder is any person who is the legal owner of ten percent or more of any class of voting stock) and,
- c) names under which the applicant, partner, or principal shareholder previously operated a mining operation in Pennsylvania and the United States within the five years preceding the date of this application.
- d) the name, address and phone number of the resident agent of the applicant who will accept service of process.

The applicant is a currently licensed mine operator. The district mining office, upon acceptance of this application for review, will produce the current list of responses for section 3.1 from the license information on file with the Department and will insert a copy in the Department copies of this application as well as in the public review module, and send one to the applicant and the consultant to complete Module 3.

**3.2 Contractor.** [§77.162(a)(iii)] If a contractor or contractors will be conducting the operation provide the name, address, and telephone number of the contractor and if the contractor is a business entity other than a single proprietor, provide the names and addresses of the respective principals, officers, and resident agents.
