Dear Mr. Walton:

The Department of Environmental Protection (the Department) has reviewed the request for minor modification of Permit No. 100277 dated May 19, 2022 that was submitted on behalf of Westmoreland Sanitary Landfill, LLC. by Civil Design Solutions, Inc. regarding the relocation of the facility entrance and the lengthening of the landfill access road. The Department has determined that the application package contains sufficient detail to enable the Department to conduct the technical review and has been accepted for that purpose.

This is not a final action by the Department on this application. The completeness review is the first in a series of reviews conducted by the Department. The application will now move to the technical review stage of the permit review process. To follow your application through the review process, please visit eFACTS on the Web at: <http://www.ahs2.dep.state.pa.us/eFactsWeb/default.aspx>.

During the technical review, Ihab Abdulfatah will be the lead reviewer evaluating the adequacy of the application to determine compliance with applicable rules and regulations. Comments from other technical staff will be coordinated as necessary, to complete a comprehensive evaluation of the application.
