2017 HAZARDOUS WASTE REPORT

According to our records, your site may be required to complete a 2017 Hazardous Waste Report. Authority to require this report is found in the Federal Resource Conservation and Recovery Act of 1976 (RCRA), as amended by the Hazardous and Solid Waste Management Act (HSWA), and Section 403(b)(7) of Act 97, the Pennsylvania Solid Waste Management Act, the Act of July 7, 1980, P.L. 380, No. 97, P.S. Section 6018.

DEP no longer mails reporting material to generators. Instead, you are directed to several websites to obtain instructions and forms. The Department of Environmental Protection (DEP) has also contracted with American Resource Management, Inc. (ARM) to provide a Web form that you may use to complete your report online.

Assistance in completing this report is available from DEP at the number below from 8:30 a.m. to 4:30 p.m. on weekdays.

Please return completed forms to DEP at the address indicated on the following pages by March 1, 2018. Thank you for your cooperation.
