# Expiration of PASPGP-5 Authorizations Flowchart

Was the PASPGP-5 authorization valid as of June 30, 2021?

Yes

No

Has the PADEP authorization expired?

Has the PADEP authorization expired?

Yes

No

Yes

No

Applicant must reapply to PADEP for State and Federal authorization.

Applicant must reapply to PADEP for State and Federal authorization.

Look at PASPGP-6 to determine eligibility and whether or not activity is Reporting, or Non-Reporting. If Reporting then need to apply to Corps for federal authorization. If Non-Reporting, the time to complete the regulated work under these authorizations is the full term of PASPGP-6 (June 30, 2026, unless modified or revoked), or until the PADEP authorization expires, whichever is sooner.

Has construction of regulated work commenced or was construction of the regulated work under contract to commence prior to June 30, 2021?

No

Yes

Look at PASPGP-6 to determine if eligible, and whether or not the activity is Reporting or Non-Reporting, including Non-Reporting Activity 30 (see PASPGP-6 Non-Reporting Activity 30, Grandfathered Activities Flowchart).

If Reporting then need to apply to Corps for Federal authorization.

If Non-Reporting then work is authorized by PASPGP-6. The time to complete the regulated work under these authorizations is:

a. For Non-Reporting Activities, except Non-Reporting Activity 30, c, the full term of PASPGP-6 (June 30, 2026, unless modified or revoked), or until the PADEP authorization expires, whichever is sooner; OR

b. For Non-Reporting Activity 30, c., June 30, 2022, unless modified or revoked, or until the PADEP authorization expires, whichever is sooner.

Yes

Applicant has until June 30, 2022, or until the expiration date of the project specific verification, or PADEP authorization, whichever is sooner, to complete the regulated work under the terms and conditions of the PASPGP-5 authorization. If additional time is needed to complete the work, the work may qualify for PASPGP-6 authorization. Is additional time needed?

No

Complete authorized work by June 30, 2022, or by date of project specific verification, or PADEP authorization expiration, whichever is sooner, in accordance with the PASPGP-5 conditions.

July 1, 2021
