

Cancellation Notice:

Attention all municipal and county sponsors of state
and federal flood protection projects:

PA DEP's Flood Protection Workshop 2010
has been cancelled.

Unfortunately, due to current economic conditions in Pennsylvania, DEP is unable to convene this year's Workshop. PA DEP hopes to schedule the next Flood Protection Workshop in late winter/early spring of 2011. In the interim, PA DEP will resume publishing its *Floodlines* newsletter to help keep sponsors updated on the latest flood protection issues.
