DETAILS ON REVERSE

Description of Agenda for the Small Business Compliance Advisory Committee's Quarterly Meeting – January 17, 2024

Environmental Management Assistance Program (EMAP) Report – Jeremy Hancher, Program Manager, EMAP, will provide a status report on EMAP activities. Mr. Hancher can be contacted at 610-499-4109 or jwhancher@widener.edu. For more information on EMAP, visit www.askemap.org.

Small Business Ombudsman Report – Samantha Harmon, DEP's Small Business Ombudsman (SBO), will report on the activities of the SBO Office. Ms. Harmon can be contacted at 717-783-0909 or saharmon@pa.gov.

New Potential PM_{2.5} NAAQS Revision – Hallie Weiss, DEP's Air Quality Program Specialist in the Quality Assurance & Data Assessment Section, Air Quality Monitoring Division, will discuss the new potential National Ambient Air Quality Standards (NAAQS) for fine particulate matter (PM_{2.5}). Signature and publication of the final rule in late 2023/early 2024 suggests the Environmental Protection Agency (EPA) favors a primary annual standard of 9.0 µg/m³ from 12.0 µg/m³ and a primary unchanged 24-hour standard of 35 µg/m³. Ms. Weiss can be contacted at 484-250-5026 or haweiss@pa.gov.

2023 Ozone Year in Review – Sean Nolan, Chief of DEP's Air Quality Monitoring Division, will provide a review of weather and ozone concentrations in 2023. The presentation will also detail the evolution of two specific ozone episodes during the summer of 2023 and areas impacted. Mr. Nolan can be contacted at 717-783-9268 or senolan@pa.gov.

The next meeting is scheduled for Wednesday, April 17, 2024.
