

August 2, 2023 e-permitting Release Notes

System Wide

ID	Title	Description
134062	System Maintenance	Ability to add follow-up line items based on an answer-clicking 'add follow-up' link on the treeview should behave just as if the user clicked to add a New Control. The difference will be that the control will have a parent. Fix for the follow up line order and tree view display

AQ

ID	Title	Description
139134	Fix for Copy To New Functionality and Facility Module	Fix for an issue identified in Production when a submitted or completed authorization is copied to a new draft, if the parent authorization indicated a new facility, the facility information should not be copied to the new draft authorization.

Clean Water

ID	Title	Description
136787	BCW Individual NPDES- Updates to Public Notice Document	Small bug fixes to the Public Notice Document including line spacing, odd characters, and regional office information.
