Bessemer, Alabama 35022-4812

Dear Mr. Ginwright:

At your request, Mr. Gene Davis of the Department's Technical Advisory Committee on Diesel-Powered Equipment (TAC) traveled to Hager Equipment Company on April 28 to evaluate the BF4M202 Deutz diesel engine, CleanAir lightly-catalyzed Silicon Carbide Diesel Particulate Filter with Platinum Plus Fuel Borne Catalyst (FBC), and the Nett Technologies Diluter (Model 20).

Attached is a copy the TAC's report and recommendations to the Bureau for your information.

If you have any questions, feel free to contact me.

Sincerely,

Joseph A. Sbarfoni
Director
Bureau of Deep Mine Safety
