ADMINISTRATION
OIL AND GAS REPORTING ELECTRONIC (OGRE)
GUIDE**

By using the online Oil and Gas Reporting Electronic (OGRE) system, all Oil & Gas Operators who own and/or operate Oil and/or Gas Wells in Pennsylvania are required by law to report to DEP several reports, notifications, and forms on a regular basis. This guide is to help the operator proceed in the proper reporting of all the required reports, notification and forms that are required. The OGRE system may be access via the DEP Greenport login in system at <https://www.depgreenport.state.pa.us/>. Each operator must complete the self-register process and submit the proper forms to DEP in order the access the OGRE system. See the Greenport EFA and User guides on the Oil and Gas Electronic Submissions user guides website for further information:

<https://www.dep.pa.gov/Business/Energy/OilandGasPrograms/OilandGasMgmt/Pages/Oil-and-Gas-Electronic-Submission-Guides.aspx>

The OGRE System consist of:

OGRE SPUD Notifications – allows the entry of and corrections to the SPUD Date of the well.

OGRE DEP Notifications – allows the notification via email to all DEP oil and gas inspectors of several required well operation notifications.

OGRE Production Reporting – allows well operators to report online the gas, condensate, and oil production of each well in their inventory.

OGRE Waste Reporting - allows well operators to report online the waste production from each well in their inventory.

OGRE ACT 9 - allows well operators to report ACT 9 Well Site Information, ACT 9 Emergency Response Plans and ACT 9 ERP Renewals.

Mechanical Integrity Assessment – allows the well operators to report online the Oil and Gas mechanical integrity assessments.

See the individual OGRE Systems guides on the Oil and Gas Electronic Submissions user guides website for further information:
