County

Dear Ms. Dobbins:

Transcontinental Gas Pipe Line Company, LLC (Transco) is submitting the following responses and revised Pennsylvania Department of Environmental Protection (PADEP) Erosion and Sediment Control General Permit (ESCGP-2) application in reference to the Technical Deficiency letter issued by the PADEP Northeast Regional Office on February 24, 2017 for the Erosion and Sediment Control General Permit (ESCGP-2). Transco requested an extension to respond to the technical deficiencies on April 20, 2017, which was granted by the PADEP on April 26, 2017.

With this transmittal, Transco is providing all portions of the original ESCGP-2 Notice of Intent package, demonstrating complete survey data and workspace adjustments, as well as demonstrating complete survey responses to technical deficiencies. Both an electronic and a hard copy of the revised ESCGP-2 application is included for your review as well as the distribution list. New or added information is marked in **bold, italicized text** and removed features marked as ~~**bold, strikethrough text**~~. To aid in your review, yellow highlighted sections indicate content which is county specific.

If you have any questions regarding the Project, please contact me at (713) 215-3427 or [joseph.dean@williams.com](mailto:joseph.dean@williams.com). Thank you for your continued consideration.

Sincerely,

Joseph Dean, Manager, Permitting  
Transcontinental Gas Pipe Line Company, LLC

Enclosure
