**CERTIFIED MAIL NO. 9171 9690 0935 0150 2184 99**

Re: Violations of The Clean Streams Law, and the  
Dam Safety and Encroachments Act  
Pennsylvania Pipeline / Mariner East II Project  
DEP Permit Nos. ESG0300015002 and E38-194  
DEP File No NOV 38 18 109  
West Cornwall Township, Lebanon County

Dear Mr. Gordon & Mr. Mack:

On August 15, 2018, the Department of Environmental Protection ("Department") received notice from Sunoco Pipeline, LP ("SPLP") of an approximate 38-gallon inadvertent return ("IR") of drilling fluids in Snitz Creek, a water of the Commonwealth (Trout Stocking, Migratory Fishes), located in West Cornwall Township, Lebanon County associated with Horizontal Direction Drill PA-LE-0055.0000-RD ("Site"). The drilling fluids that comprised the IR constitute Industrial Waste. The discharge of Industrial Waste to waters of the Commonwealth without a permit is a violation of Section 301 of The Clean Streams Law, 35 P.S. § 691.301. The Department did not authorize any IRs at the Site by permit or other authorization.

Department permits E38-194 and ESG030015002 require permittee(s) to follow their 'HDD Inadvertent Return, Preparedness, Prevention, and Contingency Plan', ("HDD IR PPC Plan") that is part of the approved plans in the aforementioned permits to reduce, minimize, or eliminate a pollution event. The current version of the HDD IR PPC Plan contains a revision date of April 2018.

Allowing the unauthorized discharge of Industrial Waste to waters of the Commonwealth constitutes a violation of Section 301 of the Clean Streams Law, 35 P.S. § 691.301 and constitutes unlawful conduct under Section 611 of the Clean Streams Law, 35 P.S. § 691.611 and Section 18 of the Dam Safety and Encroachments Act, 32 P.S. § 693.18.

Mr. Matthew Gordon  
Mr. Andrew Mack

August 16, 2018

In order to develop and appropriate enforcement strategy, the Department requests that you submit the following to me by email at [reberts@pa.gov](mailto:reberts@pa.gov) by August 23, 2018:

1. Any initial or interim IR reporting form(s) for the Site—as required by Section 6.3 of the HDD IR PPC Plan.
2. A detailed description, including photographs documenting current Site conditions, of the actions taken to contain and remove the IR from waters of the Commonwealth and a plan for any additional remedial measures necessary to complete remediation.

**Please be reminded Department approval is required before restarting drilling operations for PA-LE-0055.0000-RD. Additionally, as an IR occurred during the first pipe installation at this location, a re-evaluation is required for PA-LE-0055.0000-RD -16 in accordance with Paragraph 3 of the August 10, 2017 Corrected Stipulated Order.**

This Notice of Violation is neither an order nor any other final action of the DEP. It neither imposes nor waives any enforcement action available to DEP under any of its statutes. If DEP determines that an enforcement action is appropriate, you will be notified of the action.

DEP looks forward to your cooperation in this matter. If you have any questions, please contact me at 717.705.4819.

Sincerely,

Ronald C. Eberts, Jr.  
Environmental Protection Compliance Specialist  
Waterways and Wetlands Program
