RE: Violations of the Clean Streams Law  
Violations of the Dam Safety and Encroachments Act  
Pennsylvania Pipeline/Mariner East II Project  
DEP Permit Nos. ESG0500015001 and E65-973  
Nottingham Township  
Washington County

Dear Mr. Gordon:

On May 14, 2018, the Department of Environmental Protection (“Department”) received notice from Sunoco Pipeline, LP (“SPLP”) of an inadvertent return (“IR”) of drilling fluids into stream S130 located in Nottingham Township, Washington County associated with Horizontal Direction Drill PA-WA1-0127.0000-RD (“Site”). SPLP reported that the IR lasted for 16 hours at a release rate of approximately 32 ounces per hour, resulting in a total release of 4 gallons. The drilling fluids constitute industrial waste, and the discharge of industrial waste to waters of the Commonwealth without a permit is a violation of Sections 301 and 307 of the Clean Streams Law, 35 P.S. §§ 691.301 and 307. The Department did not authorize any IRs at the Site by permit or other authorization.

Department-issued permits ESG0500015001 and E65-973 (“Permits”) require SPLP to follow its ‘*HDD Inadvertent Return, Preparedness, Prevention, and Contingency Plan*’, (“HDD IR PPC Plan”) that is part of the approved plans in the Permits to reduce, minimize, or eliminate a pollution event. The current version of the HDD IR PPC Plan contains a revision date of April 2018.

The unauthorized discharge of industrial waste to waters of the Commonwealth constitutes a violation of Section 301 of the Clean Streams Law, 35 P.S. § 691.301, and constitutes unlawful conduct under Section 611 of the Clean Streams Law, 35 P.S. § 691.611 and Section 18 of the Dam Safety and Encroachments Act, 32 P.S. § 693.18.

As you know, following the initial report for each IR, you are required to submit additional interim progress reports until the situation is fully resolved in addition to a final report upon resolution.

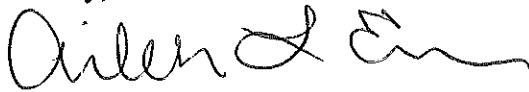

Please be advised that the Department and/or the Washington County Conservation District (“WCCD”) will conduct additional inspections of the Site. If future inspections reveal that required corrective actions have not been taken and/or additional violations have occurred, the Department may initiate additional enforcement action.

This letter is only intended to inform you of the existence of a violation and of the ways in which you may move into compliance with the law. It shall not be construed to waive or impair any rights of the Department, including the right to take an action in the future. Finally, this letter shall not be construed to waive either expressly or by implication, the power or authority of the Commonwealth of Pennsylvania to prosecute for any and all violations of the law arising prior to or after the issuance of this letter, or for the conditions upon which this letter is based.

This letter should not be considered as a final appealable action of the Department of Environmental Protection.

I look forward to your cooperation in this matter. If you have any questions, please contact Aileen Evan at 412-442-4127 or [aevan@pa.gov](mailto:aevan@pa.gov).

Sincerely,

A handwritten signature in black ink that reads "Aileen Evan". The signature is fluid and cursive, with the first name being more prominent.
