Re: Extension Request Letter - Erosion and Sedimentation Control Permit Renewal
        Pennsylvania Pipeline Project (Mariner East II)
        DEP Permit No. ESG0500015001
        Washington, Allegheny, Westmoreland, Indiana, and Cambria Counties
        DEP Permit No. ESG0300015002
        Berks, Blair, Cumberland, Dauphin, Huntingdon, Juniata, Lancaster, Lebanon, Perry, and
        York Counties
        DEP Permit No. ESG0100015001
        Chester and Delaware Counties

Dear Mr. Bryan:

On August 3, 2021, the Department of Environmental Protection (DEP) received a request from
Sunoco Pipeline L.P. (Sunoco) for minor amendments to the DEP Erosion Control Permit numbers
ESG0500015001, ESG0300015002, and ESG0100015001 for the Pennsylvania Pipeline Project.
Sunoco requested amendments to Condition No. 4 of those permits, for the submission of timely
and administratively complete permit renewal applications.

On August 6, 2021, DEP approved Sunoco's request, extending the deadline for submission of the
administratively complete renewal applications for DEP Permit Numbers ESG0500015001,
ESG0300015002, and ESG0100015001 to October 29, 2021.

On October 28, 2021, Sunoco submitted renewal applications for DEP Erosion Control Permits
ESG0500015001, ESG0300015002, and ESG0100015001. On November 23, 2021, DEP
determined that the renewal applications were administratively complete.

Consistent with the provisions of Condition No. 4, coverage under DEP Erosion Control Permits
ESG0500015001, ESG0300015002, and ESG0100015001 is administratively extended pending
completion of DEP's review of the renewal applications.

If you have questions about your renewal, please contact the Regional Permit Coordination Office

at 717-772-5987 or RA-EPREGIONALPERMIT@pa.gov.

Sincerely,

Domenic Rocco, P.E.
Director
Regional Permit Coordination Office
