Senate of Pennsylvania

48TH SENATORIAL DISTRICT

July 20, 2016

Scott Williamson
Waterways and Wetlands Program
PA Department of Environmental Protection
Southcentral Regional Office
909 Elmerton Avenue
Harrisburg, PA 17110

Dear Mr. Williamson:

Many of my Lebanon County constituents have valid concerns regarding the proposed Sunoco Pipeline LP, Mariner East II Pennsylvania Pipeline Project. You are in the process of a technical review under 25 PA Code Chapters 102 and 105 (stormwater, wetlands and stream crossings).

You have extended the public comment period to 60 days. It is my understanding Sunoco continues to submit supplemental material for the review. This review is a huge process and adding supplemental information can change the whole aspect of sections already reviewed. As this is the case, I respectfully request the comment period be extended to 90 days to be able to assess the entire application and any supplemental information added during the review process.

This is one of several pipeline projects to go through Lebanon County. Giving people adequate time to review and question these projects is the responsible thing to do.

Thank you for the important work you do every day. I look forward to your prompt response.

Sincerely,

Handwritten signature of Mike Folmer in black ink.
