

PITT-10-16-061

October 24, 2016

Project Number 112IC05958

Mr. Douglas P. Siler
Gibson-Thomas Engineering
Hempfield Township Engineer
1004 Ligonier Street
Latrobe, Pennsylvania 15650

Reference: Response to email dated July 20th, 2016 regarding
Floodplain Management and Stormwater Management Consistency Review
Pennsylvania Pipeline Project – Sunoco Pipeline L.P.

Dear Mr. Siler:

Pursuant to your email of July 20th, 2016 requesting estimates of cost for E&S and site restoration of the pipeline right-of-way (ROW) in Hempfield Township for the Sunoco Pennsylvania Pipeline Project, below is an estimated construction cost and bond amount for these measures within Hempfield Township (6.4 miles):

	Linear Miles of ROW	Construction Cost per Mile	Total Estimated Cost
E&S Control cost	6.4	\$36,960.00	\$236,544.00
Site Restoration	6.4	\$47,520.00	\$304,128.00
Total Cost			\$540,672.00
Proposed Bond amount (25%)			\$135,168.00

Based on this construction estimate, a bond for 25 percent of the construction cost totals \$135,168.00. A bond covering this amount will be secured. The PADEP ESCGP-2 approval letter will be provided to the township upon receipt. Please note that the requested Floodplain and Stormwater Consistency letters are a requirement of the permit and would be needed prior to PADEP approval.

Should you have questions regarding this correspondence, please do not hesitate to contact me at 412.921.8963 or via e-mail at megan.carson@tetrattech.com.

Sincerely,

Megan Carson
Permitting Specialist
