RE: Transcontinental Gas Pipe Line Company, LLC  
Regional Energy Access Expansion Project – Regional Energy Lateral  
Floodplain Management Analysis  
Wyoming Borough, Luzerne County, Pennsylvania

Dear Commissioners,

On behalf of Transcontinental Gas Pipe Line Company, LLC (Transco), WHM Consulting, LLC is providing a floodplain management analysis for water obstruction and encroachments located within the defined FEMA floodway of the Susquehanna River and Abrahams Creek associated with the Regional Energy Access Expansion Project - Regional Energy Lateral (Project). This analysis was conducted in accordance with 25 Pennsylvania Code §105.13(e)(l)(vi).

The scope of the Project consists of installing approximately 22.3 miles of 30-inch diameter pipeline, partially co-located with the existing Transco Leidy Line-A. Of the overall disturbance area, 8.5 acres is located within the defined FEMA floodway in Luzerne County. The Project will involve temporary disturbance within the FEMA floodway. No permanent aboveground facilities are located within the floodway. The area within the FEMA floodway will be restored to pre-construction conditions and contours after installation of the pipeline to maintain existing condition of the floodway and surface water profiles.

Enclosed you will find a figure outlining the location of the FEMA Floodway and Project's Limit of Disturbance. Please review the provided map and above analysis with respect to your township's floodplain management ordinances and provide any comments to:

PADEP Regional Permit Coordination Office  
Rachel Carson State Office Building  
400 Market Street  
Harrisburg, PA 17101

Sincerely,

**WHM Consulting, LLC**

Inkerman, PA 18640

RE: Transcontinental Gas Pipe Line Company, LLC  
Regional Energy Access Expansion Project – Regional Energy Lateral  
Floodplain Management Analysis  
Jenkins Township, Luzerne County, Pennsylvania

Dear Township Supervisors,

On behalf of Transcontinental Gas Pipe Line Company, LLC (Transco), WHM Consulting, LLC is providing a floodplain management analysis for water obstruction and encroachments located within the defined FEMA floodway of the Susquehanna River located in Jenkins Township associated with the Regional Energy Access Expansion Project - Regional Energy Lateral (Project). This analysis was conducted in accordance with 25 Pennsylvania Code §105.13(e)(I)(vi).

The scope of the Project consists of installing approximately 22.3 miles of 30-inch diameter pipeline, partially co-located with the existing Transco Leidy Line-A. Of the overall disturbance area, 0.7 acres is located within the defined FEMA floodway within Jenkins Township. The Project will involve temporary disturbance within the FEMA floodway. No permanent aboveground facilities are located within the floodway. The area within the FEMA floodway will be restored to pre-construction conditions and contours after installation of the pipeline to maintain existing condition of the floodway and surface water profiles.

Enclosed you will find a figure outlining the location of the FEMA Floodway and Project's Limit of Disturbance. Please review the provided map and above analysis with respect to your township's floodplain management ordinances and provide any comments to:
