

**SECTION 9.0
ANTICIPATED PROJECT SCHEDULE**

*Regional Energy Access Expansion Project
401 Water Quality Certification Application
Transcontinental Gas Pipe Line Company, LLC
Section 9.0 – Anticipated Project Schedule – Revision 1*

Subject to FERC’s certification of the Project and receipt of the necessary state permits and authorizations, Transco anticipates mobilization and construction of the Project facilities in second quarter 2023. Construction of the proposed facilities is anticipated to be completed to meet a target in-service of fourth quarter 2024. A preliminary construction schedule by Project facility is included in Table 9-1.

**Table 9-1
Construction Schedule**

Facility	Start Date	Completion Date
PENNSYLVANIA		
Regional Energy Lateral		
Pipeline Section	Q2 2023	Q4 2024
Trenchless Crossing (Direct Pipe®) Section	Q4 2023	Q4 2024
Effort Loop		
Pipeline Section	Q2 2023	Q4 2024
Compressor Stations		
Compressor Station 515	Q2 2023	Q4 2024
Compressor Station 195	Q2 2023	Q4 2024
Compressor Station 200	Q2 2023	Q4 2024
Other Aboveground Facility Modifications		
Hildebrandt Tie-In	Q2 2023	Q4 2024
Lower Demunds REL Tie-In	Q2 2023	Q4 2024
Carverton Tie-In	Q2 2023	Q4 2024
Delaware River Regulator	Q2 2023	Q4 2024
Mainline A Regulator	Q2 2023	Q4 2024
Key: Q = Quarter M&R = Meter & Regulating
