

WINTER PERIOD APPLICATION OF MANURE NOTIFICATION

CAFO Site Name: _____ Date of Submittal: _____

Permit Number: _____ Name of Owner/Operator: _____

Facility Address: _____ County: _____

Check box if this form is a resubmittal of a previous notification. Provide the "Date of Submittal" from the original form that is being replaced here: _____ (See Instructions)

Nutrient Mgmt. Plan Field ID	Acres	Anticipated Total Manure Volume	Tons or Gals	Anticipated Application Date(s)

1. The permittee shall notify the Department of Environmental Protection **within 7 days prior** to the anticipated land application of manure during the winter period.
2. "Winter" is defined in 25 Pa. Code § 83.201 as December 15 through February 28 **or** anytime the ground is frozen at least 4 inches deep **or** anytime that the ground is snow covered.
3. The permittee shall not spread manure during the winter, except as authorized in the permittee's Nutrient Management Plan (NMP), or unless the permittee has fully complied with 25 Pa. Code § 83.372, and has obtained a plan amendment due to unforeseen circumstances.

CERTIFICATION: By submission of this form, the Permittee certifies that actions have been taken to maximize the available capacity in the manure storage facility prior to the winter period to prevent pollution of ground and surface water; all manure storage facilities have been properly operated and maintained; and the proposed winter spreading shall be applied in accordance with the Permittee's approved NMP.

Check additional box(es) if applicable:

- Unforeseen Circumstances - Permittee has contacted the SCC or the County Conservation District for guidance on applying the above proposed manure due to unforeseen/emergency circumstances that are not outlined in the approved NMP.
- Contagious Disease Outbreak - Application of the above proposed manure will be conducted in accordance with requirements in the Department of Agriculture's order of quarantine and regulations thereunder.

I certify under penalty of law that I have verified the above information is true, accurate, and complete to the best of my knowledge and belief.

 Permittee or Authorized Individual Signature

WINTER PERIOD APPLICATION OF MANURE NOTIFICATION INSTRUCTIONS

This form is to be completed when the permittee anticipates land applying manure during the winter period. **This notice must be sent to DEP Central Office within 7 days prior to the anticipated land application of manure.** Please provide a copy of any submitted form(s) to your commercial manure hauler/broker upon their request.

Choose **one** of the following submittal options.

- 1) Mail completed form to:

PA Department of Environmental Protection
Bureau of Conservation and Restoration
Nutrient Management Section Chief
P.O. Box 8555
Harrisburg, PA 17105-8555

--or--

- 2) Fax completed form to:

717-787-9549
Bureau of Conservation and Restoration
Nutrient Management Section Chief

--or--

- 3) E-mail completed form to:

RA-EPWinterManureSpr@pa.gov

Resubmittals: If, for whatever reason, manure is not land applied within the originally anticipated dates, another notification form must be submitted which indicates the new time period for when manure is scheduled to be land applied. Check the resubmittal box to indicate that the manure application has been rescheduled and is not an additional application of manure. Identify the "Date of Submittal" from the original notification form that is being replaced. Complete the applicable **Field ID, Acres, Anticipated Volume (Ton or Gallons), and Anticipated Date** information on any resubmittals.
