SWP Update and Workplan

SWP Update and Workplan

Items that will not be worked on

- Conducting inventories of sources
- Performing water availability assessments
- Availability projections
- Availability screening
- Evaluating watershed for Critical Water Planning Area (CWPA) status
- Studies of CWPA Candidates
- Establishing subcommittees

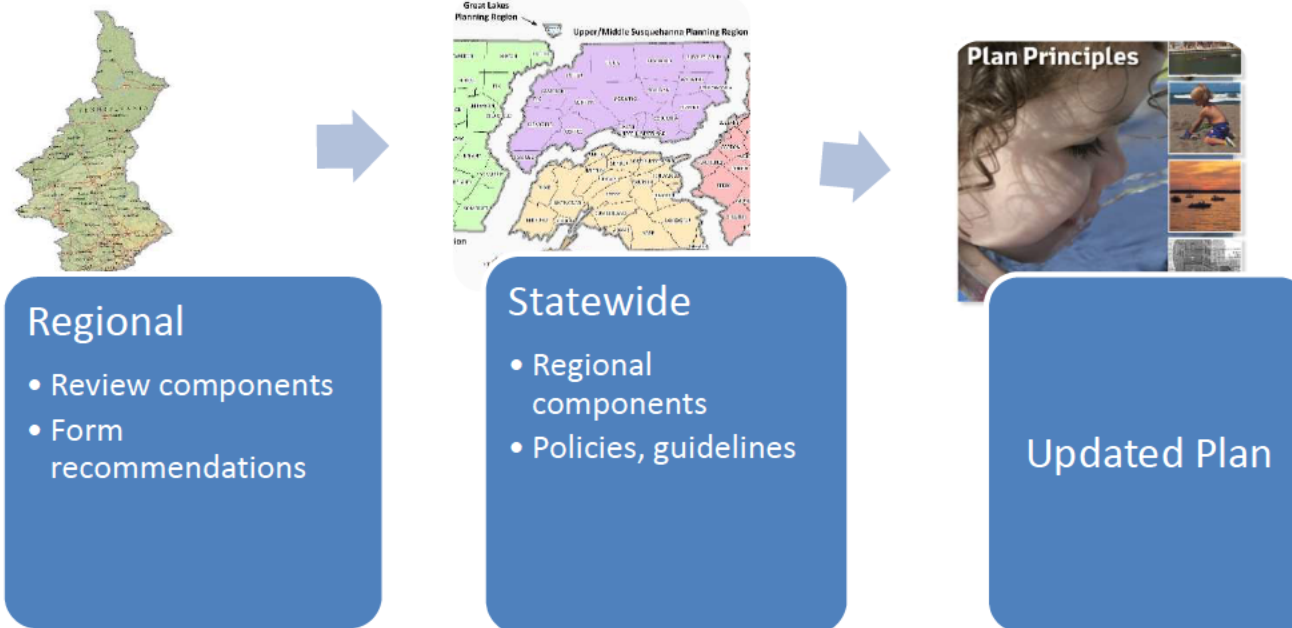

These items may fall under a future long-term work plan

Administrative Items

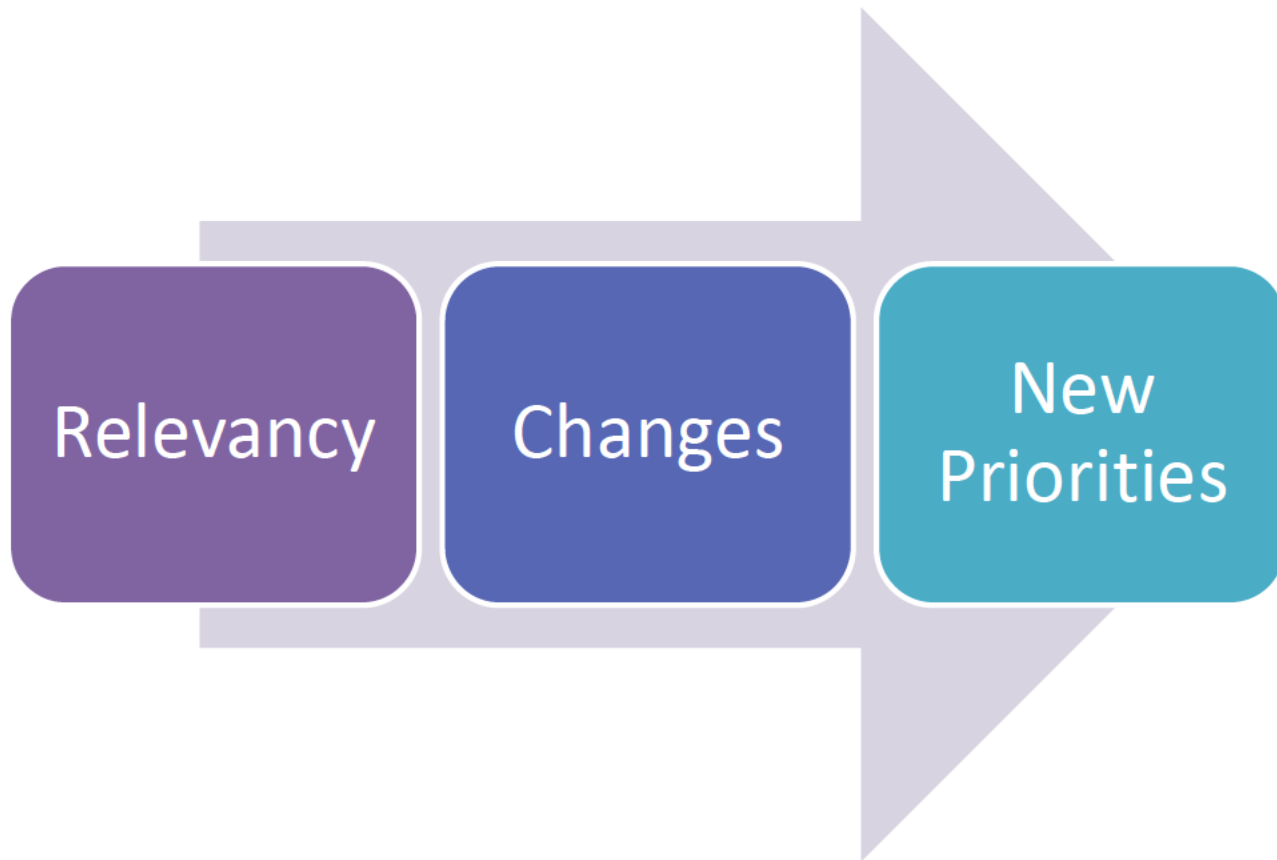

- Review of Bylaws
- Election of Chair and Vice Chair
- Vote on nominations for Statewide Committee

Regional Components

- Objective to review and update overall State Water Plan

1. Review Regional Priorities

Revised
Priorities
and Action
agendas

2. Document Accomplishments

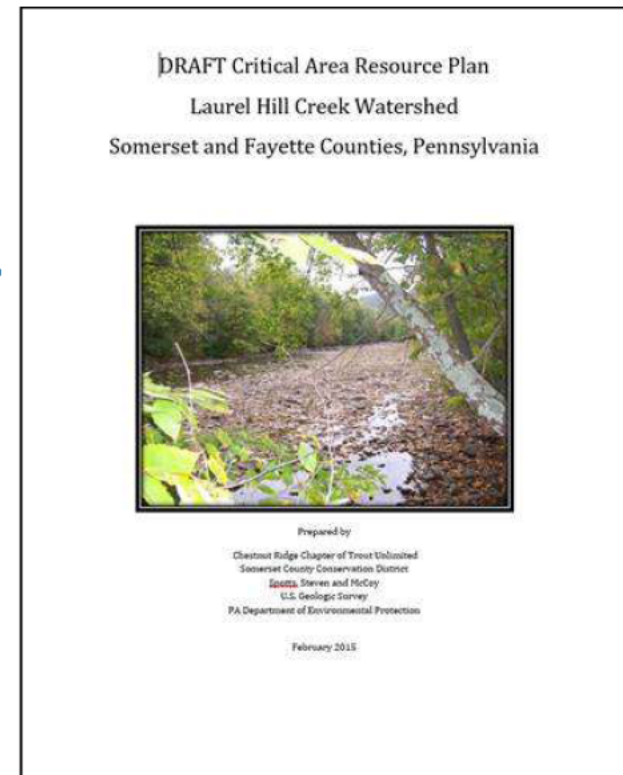

Document accomplished work related to Regional Priorities provided in previous Plan Update

- Internal DEP actions – regulation changes/amendments, new programs, studies
- What others have done- Federal, State, regional, local
- Actions already proposed

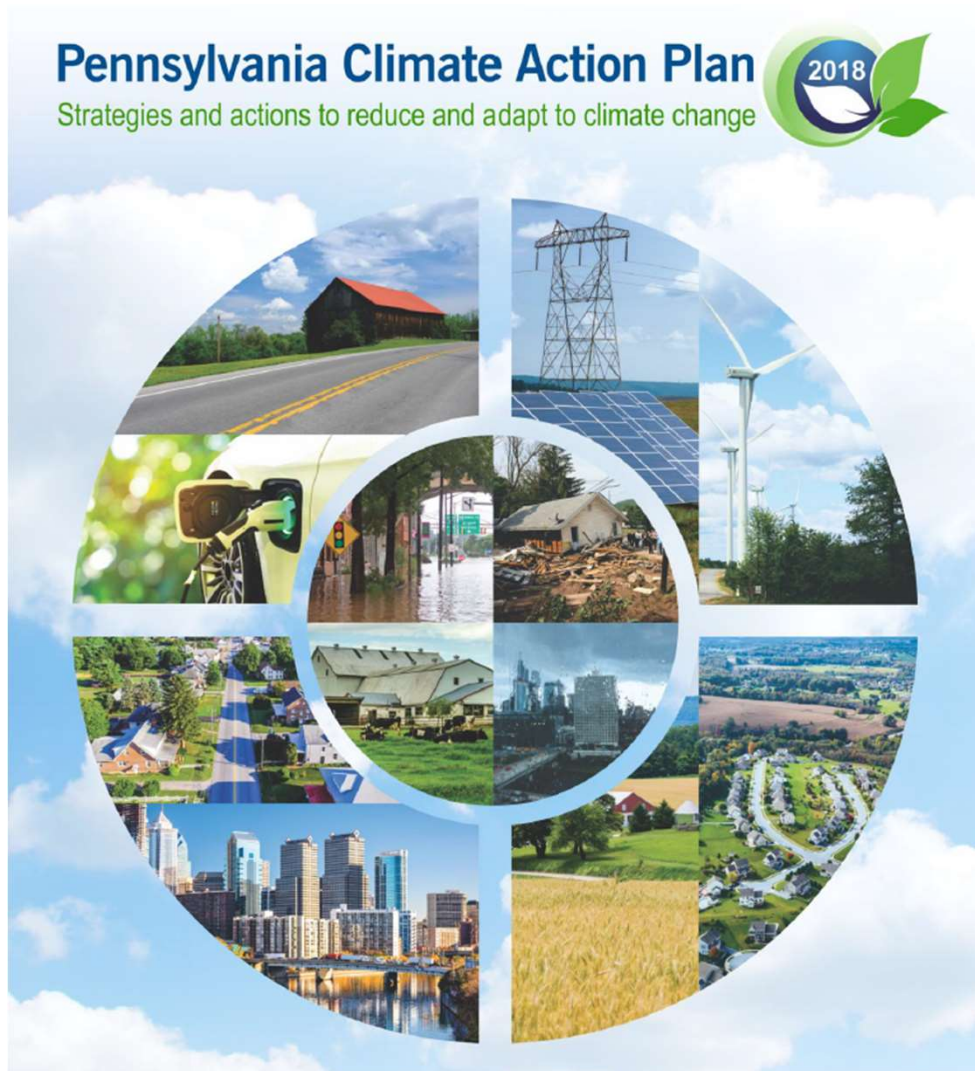

3. Complete CARPs

Laurel Hill Creek and Back Creek CARPs

- Brief history/status
- Potential workplan for completion
- Availability of draft
- Next steps

4. Climate Actions

Water resources strategies outlined in the 2018 Pennsylvania Climate Action Plan

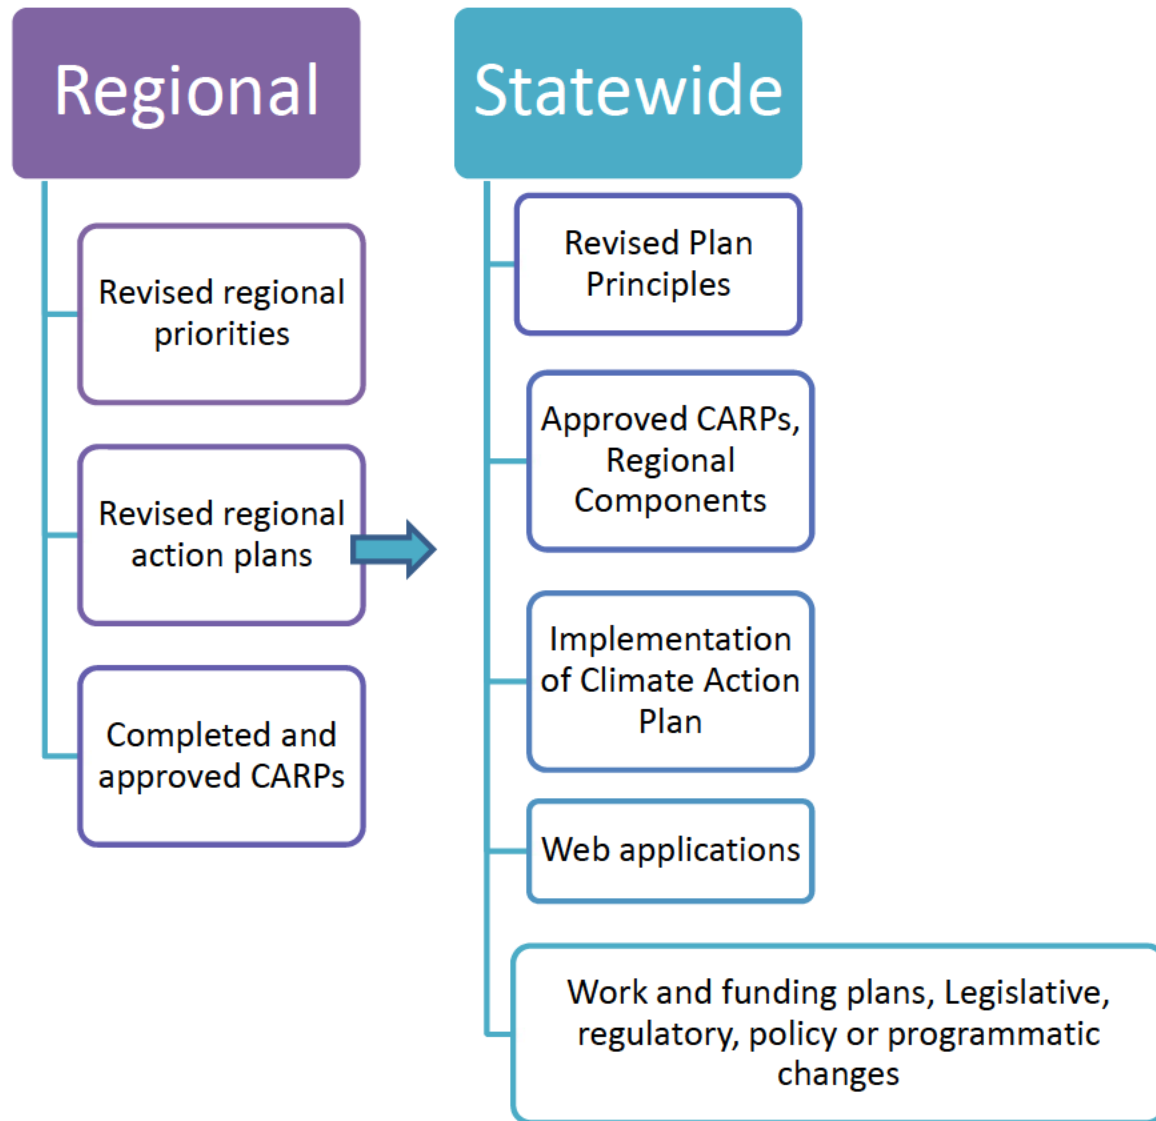

Strategy 14.
Use Stormwater Best Management Practices

Strategy 15.
Promote integrated water resources management and water conservation

Example Climate Action Plan

- Review of activities at all levels- Federal, State, regional, local, private as well as public sector
- Consideration of variations between regional and statewide levels
- Identify strategies/tasks to be explored
- Identify multisector collaboration towards implementation of strategies
- Consider tracking progress through Key Performance Indicators

Outcome of Review and Update
