WRAC Membership Discussion

Water Resources Advisory Committee
September 21, 2023

Josh Shapiro, Governor

Richard Negrin, Secretary

WRAC Membership

- Unlike some DEP advisory bodies that were created by statute with fairly specific membership parameters, WRAC was created by the DEP Secretary, and WRAC's membership is governed entirely by WRAC's bylaws, which are pretty flexible when it comes to membership...

WRAC Membership - Bylaws

- All WRAC members are appointed by the DEP Secretary
- WRAC members serve two-year terms and may be reappointed at the discretion of the Secretary
- WRAC “shall include members with a variety of technical backgrounds in biology, geology, toxicology, hydrology, engineering, or other areas that deal with surface water and groundwater environments.”
- “The number of Committee members shall be at the Secretary’s discretion.”
- Members who miss three or more consecutive meetings may be recommended by WRAC to the DEP Secretary for removal from WRAC

WRAC Membership - Current
