Dear Mr. Allard:

At the August 21, 2007 meeting, the Radiation Protection Advisory Committee reviewed the Draft Final Radiological Health Amendments (Chapters 215, 221, 225, 230 and 240) (proposed rule published in the *Pa. Bulletin* on 11/18/06). The Committee had no additional comments and recommends the Amendments be forwarded to the Environmental Quality Board and approved as final rulemaking.

Sincerely,
