Dear Environmental Quality Board:

As Vice-Chairperson of the PA Storage Tank Advisory Committee (STAC), and as fill-in for John Arnold, Chairperson, PA STAC, at the last PA STAC meeting of June 9, 2009, I'm writing to inform you that the PA STAC voted to approve the June 9, 2009 draft final rulemaking for *25 Pa. Code, Chapter 245, Subchapter E. Technical Standards for Underground Storage Tanks*, for presentation to the Environmental Quality Board as final rulemaking. A quorum was present at the June 9th STAC meeting and following review and discussion of the draft final UST operator training regulations, the STAC voted to approve the rulemaking. The official STAC vote was 8 in favor and 1 opposed. A copy of the draft final rulemaking is attached for your review.

If you have any questions, or need additional information, please let me know. I can be reached at 610-833-3424.

Sincerely,

A handwritten signature in cursive script that reads "Judy S. Brackin".
