Dear Secretary McGinty:

On July 26, 2007, the Air Quality Technical Advisory Committee discussed the draft final-form rulemaking amendments to *25 Pa. Code* Chapter 127, Subchapter B (relating to plan approval requirements), which would amend existing provisions relating to plan approval requirements and would add additional provisions to the plan approval requirements. The proposed rulemaking was published March 24, 2007 (see *37 Pa.B.* 1317).

The Committee concurred with the Department's recommendation to present the final-form rulemaking amendments to the Environmental Quality Board for approval as a final regulation.

Sincerely

Roger C. Westman, Ph. D.
