Cheryl,
Perfect. I'll add you to the agenda and place you on as soon as we can.
Sharon

Good morning Sharon,

The November 1 Township meeting will work for us. We would keep our comments to a minimum and allow for any questions the Supervisors may have. We thought perhaps if any residents who are present have questions, we could make ourselves available following the meeting so we don't take up too much of the meeting time. But we will do whatever works best for you folks.

Thank you – and have a good day,
Cheryl

Cheryl,
Glad to hear the progress is being made. Perhaps our November meeting would be a good meeting to attend. It is scheduled for November 1st at 7 p.m. We currently have a lot going on and I think our October meeting will still have several "hot" topics on it would hate for you to have to sit through that. Let me know if you think that date may work for you.

Thanks!
Sharon

Subject: Benner Township PFAS Investigation

Hello Sharon,

As we are making final arrangements to begin the field work portion of our investigation, we will be requesting access from several businesses and residents to collect samples on their properties. Along with that request, we are distributing the attached information sheet. We wanted to be sure you had a copy of it as well.

We also wanted to offer to attend a future Benner Township meeting if you think it would be helpful to have us present to address concerns and questions about this topic. We will not have all of the answers quite yet, but would be happy to share what we do know to this point.

Thank you and have a good day,
Cheryl
