Dear Roger:

Per our several discussions, we are transmitting herewith the “Re-Design” of the approved Phase IV area to incorporate a synthetic liner and leachate collection system in accordance with Permit Condition #6 of the ERSI Solid Waste Permit.

Once the department determines the application is administratively complete, we will send copies to Lackawanna County Planning and Taylor Borough.

In the event any questions arise concerning this correspondence, please don't hesitate to contact this office at your convenience.

Very truly yours,
